

Using Oracle

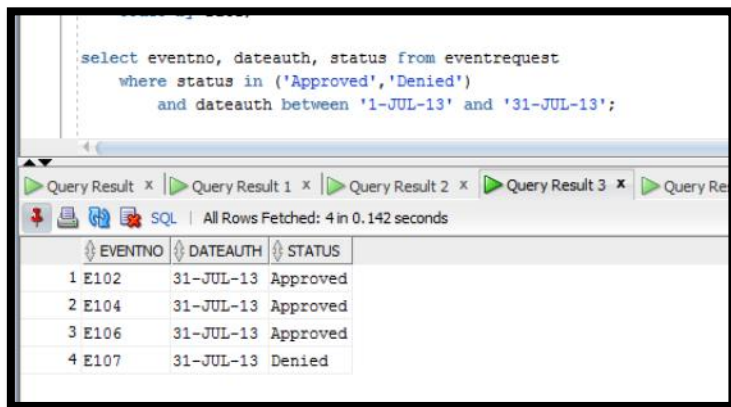

4. List the event requests with a status of “Approved” or “Denied” and an authorized date in July 2013. Include the event number, authorization date, and status in the output. (Hint: see the examples in Module 4 for date constants in Oracle and MySQL.)

```
select eventno, dateauth, status
```

```
from eventrequest
```

```
where status in ('Approved','Denied')
```

```
and dateauth between '1-JUL-13' and '31-JUL-13';
```

```
select eventno, dateauth, status from eventrequest
where status in ('Approved','Denied')
and dateauth between '1-JUL-13' and '31-JUL-13';
```
